**RE: Termination of Administrative Compliance Order  
Docket Number CWA-02-2011-3122  
Completion of Sanitary Sewer System for Punta Pozuelos**

Dear Mr. Rullan:

On July 18, 2011, the United States Environmental Protection Agency (EPA) issued the Administrative Compliance Order, Docket Number CWA-02-2011-3122 (the "Order"), to Rullan Ruiz Group, Inc. (Respondent) ordering Respondent to comply with certain requirements of the Clean Water Act, 33 U.S.C. §1251 *et seq.* (the "Act") and its implementing regulations for its construction activities at the Completion of the Sanitary Sewer System for Punta Pozuelo (the "Project"). The Project is located at State Road 7710, Punta Pozuelos Sector, Pozuelos Ward, Guayama, Puerto Rico.

The Order required Respondent to conduct activities to bring the Project into compliance with the EPA National Pollutant Discharge Elimination System General Permit for Discharges from Large and Small Construction Activities issued on June 30, 2008 (73 FR 40338) (the "CGP"), the National Pollutant Discharge Elimination System (NPDES) permit regulations at 40 CFR §122.2, and the Act.

According to our information, the requirements of the Order have been complied with and Respondent has implemented best engineering practices (BEPs) and best management practices (BMPs) at the Project. Therefore, this letter gives notice that the Order is terminated.

Termination of this Order does not relieve Respondent from the obligation to comply with any statute, regulation, permit condition, other order, certificate, certification, standard, or other applicable requirement.

Thank you for your cooperation in resolving this matter. If you need additional information about this letter please contact Mr. Jaime López, Environmental Scientist of this Branch, at (787) 977-5851.
